

SOUTHWEST LOBSTER SCIENCE SOCIETY

UPDATED SEPTEMBER 2021

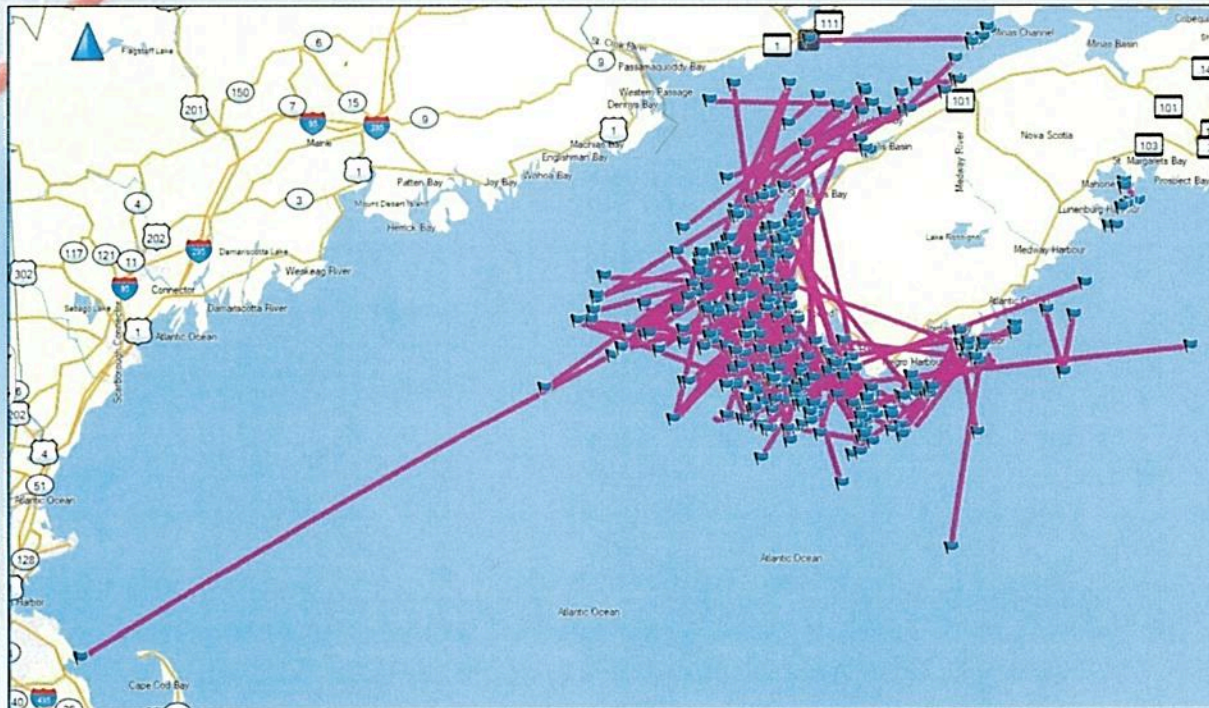

Southwest Lobster Science Society

LOBSTER TAGGING PROJECT

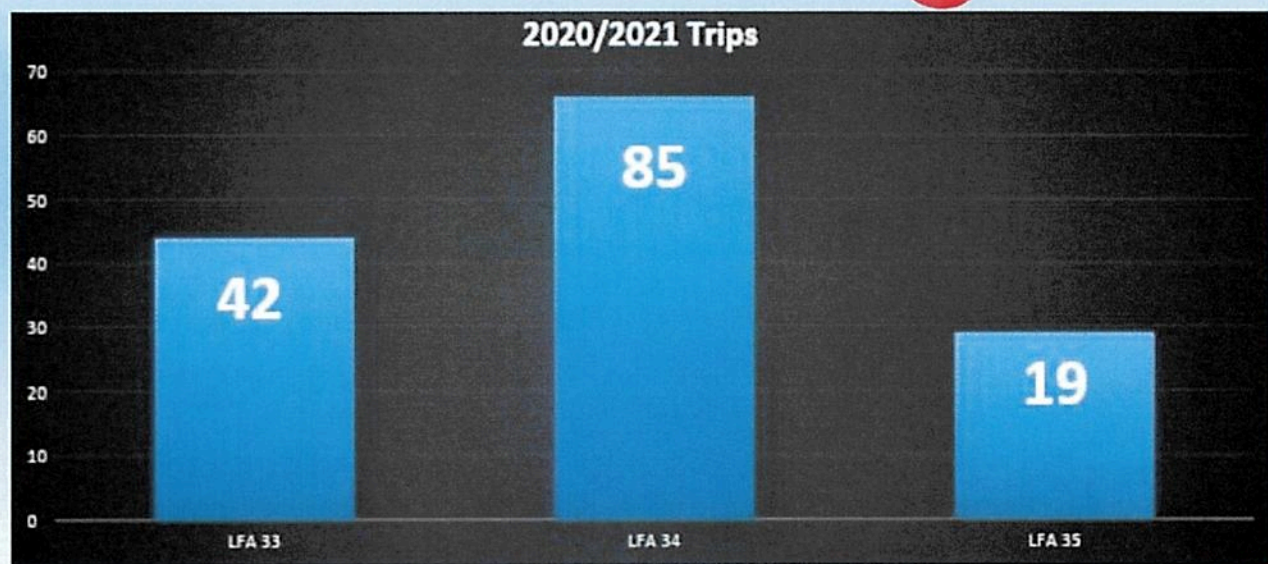

- ☐ Lobster tagging has continued.
- ☐ A previous lack of processing the lobster tag data has been addressed and it is now organized and regularly updated.
- ☐ To date we have tagged over 9000 lobsters.
- ☐ We have received recapture data on over 600 lobsters.
- ☐ The longest distance a recaptured lobster has travelled is 326 km in 526 days.
